

## My Selfisolation Acrostic Poem – Moukthika Hota

**S**elf-Isolation is difficult, but it can also be *fun!*

**E**njoyed riding my bike in the morning *sun*

**L**etting all my worries and anxieties go *away*

**F**illing my day with work, dance and *play*

**I**nspiring everyone around me to be *jolly*

**S**etting an example by being *happy*

**O**ptimised our time and resources as this is a testing *time*

**L**earning, reading and keeping up with my schoolwork time to *time*

**A**ssisted my parents and did many *chores*

**T**hough these times are full of *bores*

**I**n times when we all feel *bored*

**O**h my! Let's draw and write on a *board*

**N**ow this is what we have been doing during *SELF ISOLATION*
