

Pirates & Minibeasts

Year 2

Summer Term 2021

Key Areas of Learning

As **historians**, we will investigate the adventures of Black Beard and Ann Bonny, what their lives were like, where they travelled and what they ate.

As **geographers**, we will discover how things change when we look at them from above and create our own maps of places that are important to us.

As **scientists**, we will explore, identify and describe living things and their habitats.

As **artists**, we will look at the work of individuals such as Matisse and see how they have used shape and colour to represent the living things around us.

ENGLISH

We will cover a range of genres including Non Chronological Report writing,

We will also create our own characters and bring them to life through description

We will plan and edit a variety of narratives and use and understand a range of grammar, including sentence types and their purposes

We will continue to consolidate Phase 6 phonics.

MATHS

We will cover arrange of topics including fractions, measurement involving length and height, geometry including position and direction,

We will also provide opportunities for problem solving, measuring, involving, length, time and mass, capacity and temperature.

COMPUTING

We will become Zoologists, recording and organising data
We will also become onscreen Pirates, creating and programming a sprite.

ART AND DT

We will explore a range of mediums and techniques including watercolour, and sculpt with clay.
We will prepare salads, fruit and vegetables.
We will explore wheels and axils and design our own vehicles

PSHE

We will explore rights and responsibilities, and how people help us, as a part of Living in the Wider World.

RE

We look at a range of religions and explore Stories linked to Food and Drink

PE

We are becoming agile, healthy athletes and developing our skills in
Athletics
Striking and Fielding
