Aspirations Week

Aspirations Week has taken place in school and we have all thoroughly enjoyed talking with the children about their dreams and ambitions. The children have considered the careers that they would like to have, the places they wish to explore and the personal lives they hope to have. They have discussed the mind-set necessary to help them realise their aspirations and how they might develop characteristics such as resilience, positivity and perseverance. Some examples of their work are included within this newsletter to be enjoyed by all. The week has been so rewarding and successful that we have decided that it will become an annual event.

Some classes have had zoom visits this week from people who spoke about their jobs and the journey that they have taken to achieve these positions. The children listened intently to both speakers and enthusiastically asked them many questions.

Jack Millar
Actor & Assistant Director

Jack Millar did a Q&A session with our year 4 classes about the film industry.

He has been an actor in films such as Star Wars and has appeared in TV programmes including Casualty. He then moved on to be an assistant director in Fantastic Beasts, Spiderman: Far From Home, Star Wars, and Pinocchio and is currently working as personal assistant to Gary Oldman. The children enjoyed asking him about his various roles and how he got them.

Peter Komolafe delivered a powerful and inspiring talk to our year 6's.

Pete is a successful YouTuber (1.5 million followers in 18 months), podcast host and business owner. He was fostered as a child and also

had a period of time when he was homeless. Through perseverance and unwillingness to allow his future to be shaped by his difficult start in life he became an executive in one of the biggest top 100 companies in the world and his podcast is currently ranked 5th in the business and finance category. Pete has also appeared on GB News for the last three weeks and has a weekly slot on Sky News TV.

Aspirations Week continued

Year 2 – Grey really enjoyed talking about their aspirations! It was so lovely to hear all of their different ideas and how they saw themselves in the future. We talked about how to achieve our goals and the importance of hard work, perseverance and resilience when doing so. The children researched different jobs and how to get them and wrote about their future selves.

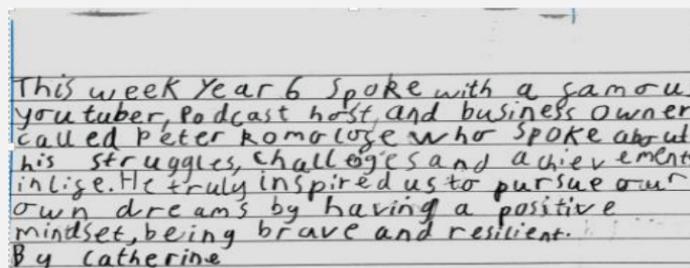

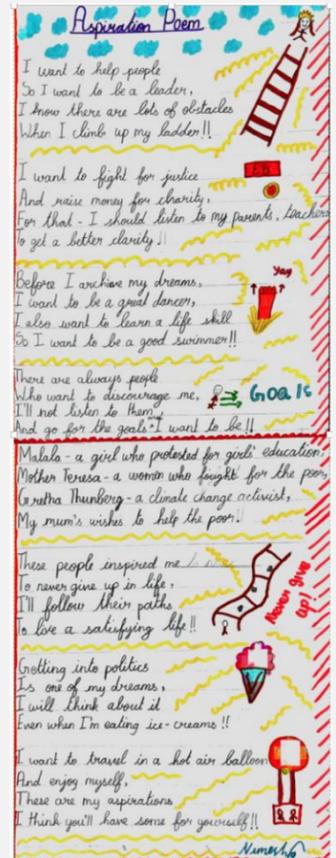

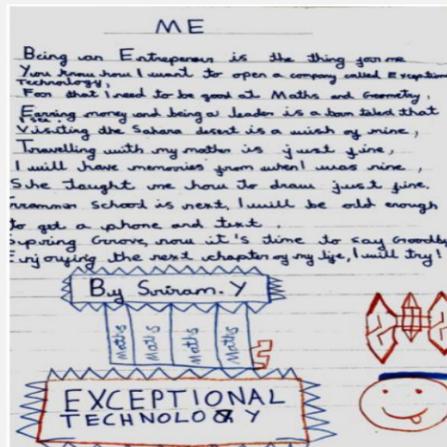

Year 4 - Rauf's Aspirations Week

We have had a very busy week in Year 4 Rauf thinking about our aspirations and what we want to achieve when we are older. We created posters drawing all the things we would like to do, ranging from learning how to drive to going to university to travelling the world and lots of other amazing goals. We also created fun portraits illustrating what we want to be when we are older. We read 'Oh the Places You'll Go' by Dr Seuss and thought about the qualities we need like persistence and resilience in order to achieve our dreams. What an inspirational Aspirations Week!

Year 6 – Tan

wrote poems about their hopes, dreams and aspirations for the future.

In Year 5 - Rundell, we watched an inspiring video clip about a policeman whose dream it was to become a footballer. As a blind person, he also faced several obstacles including financial difficulties and finding the time to practice as a non – professional footballer.

Nevertheless, due to his positive attitude and resilience, he persevered and he now plays for West Bromwich Albion and even took part in the Olympics in Beijing in 2008.

The Simon Hill Story inspired us to think about our own short term, medium term and long term aspirations, the obstacles we may face and how we can overcome them.

Here are just some of our ideas....

Short Term Aspiration

I want to be more confident and believe in myself more. I sometimes look at other peoples work and don't think that I can do it. I will overcome this by being more positive and believing in myself.
---- Zain

Medium Term Aspiration

I want to cycle to Wembley Stadium. My obstacles are that my bike is too small and I cannot complete the ride on my own

I will earn some extra pocket money by doing some jobs for my family and purchase a new bicycle. I will also ask my father to join me on the cycle ride.
----- Sumant

Long Term Aspiration

I want to become a singer. The main obstacle is others telling me that I shouldn't do this as it is not a practical option as a career path.

But I am determined and will hard to show everyone that it is possible.
----- Bhavika

Enjoyed a good match of football on their mini field.

Lots of fun in Reception!

Celebrated Father's Day by baking biscuits for someone special.

Reception bid farewell to their butterflies.

They really enjoyed their sports week even when the skies were grey. They took the time to explore the rainy weather and the benefits of rain.

Starting 'Race for Life'

Junior Traffic Ambassadors, School Council and Eco Warriors

We have been talking about how coming and going from school has been with the new cameras in operation. There has been less cars, which has been good for the safety of the children. We would like to remind all parents, carers and adults and children, that this road is still in use for the residences. It is important to set a good example of road safety, especially to young children by walking on the pavement and using the green cross code. If your child is riding a scooter or bike that they should be riding alongside or just in front of you and that they also need to stop before crossing the road. This will keep everyone safe. ☺

Abe & Alba escapes from Year 1 Donalson!

Over the past few weeks, Year 1 have had some very interesting characters called Abe and Alba escape from a book and cause chaos in the classroom.

They have left footprints everywhere, eaten chocolates and biscuits and borrowed objects from Mrs Colley's room and the classroom. The children designed, built and laid traps hoping to catch them but it didn't work! The children wrote adventure stories for them and laid them across the floor for them to read. They had so much fun and worked very hard.

Family Maths Challenge

Hello Mathematicians,

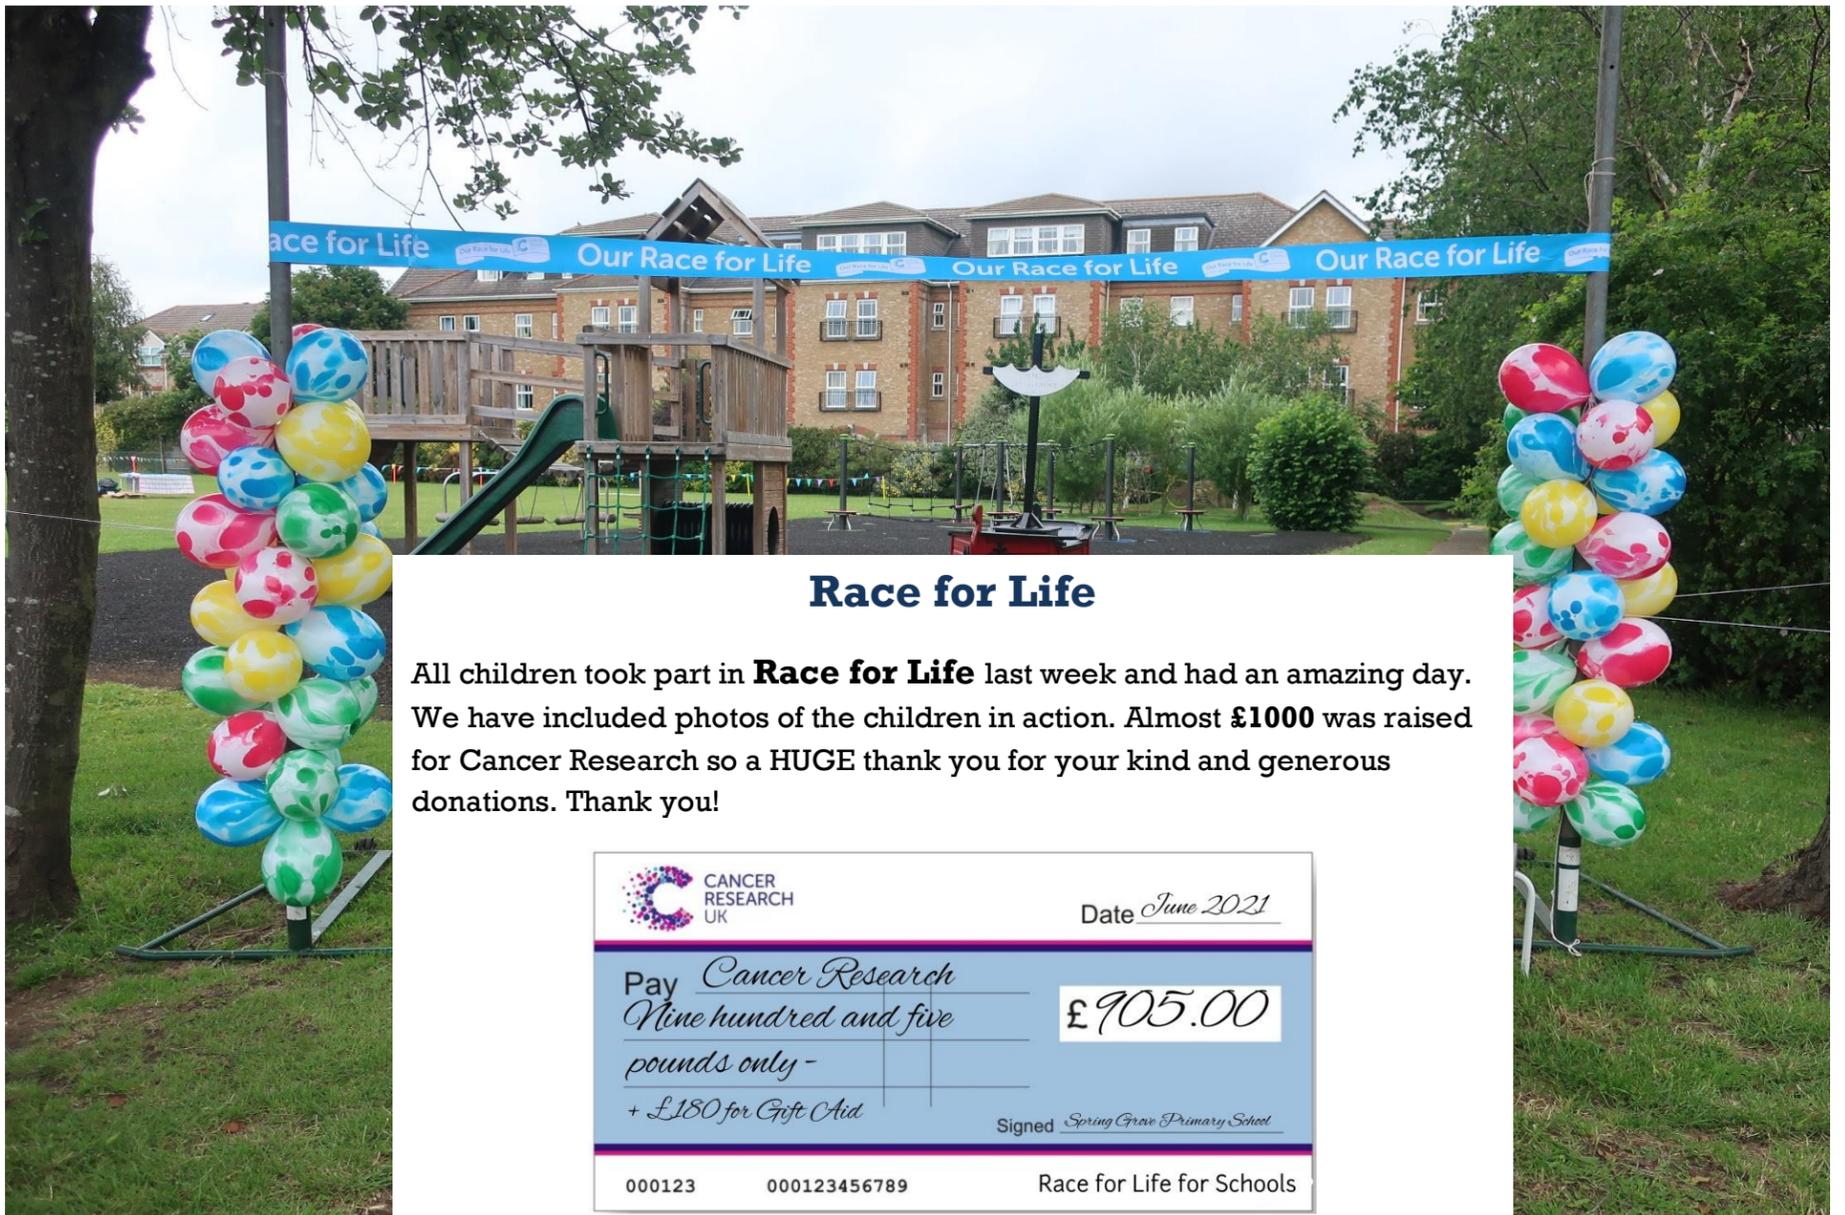

Thank you to all of you who had a go at the previous maths challenge. It was a challenging one. The circle was magical because the sum of the adjacent numbers made a square number.

This week have another family maths challenge for you. Look at the image below and tell me how many squares there are. Try to use a strategic strategy to work this out.

Let me know how many squares you think there are. I shall share the answer with you all in the next newsletter.

Enjoy solving this together!

Please remember to book your holidays during school holidays. Term time holidays are not authorised and can lead to prosecution or a fixed penalty fine.

Change of Term Dates for the Academic Year 2021-2022

As you are aware, there will be an additional bank holiday on 3rd June 2022 to mark the Queen's Platinum Jubilee. This falls during half term.

To accommodate for this, the last day of term for the 2021-2022 academic year will now be **Thursday 21 July 2022** instead of Friday 22 July 2022, as previously published.

Last Day of the Term is
Friday 23rd July 2021.

School closes at 1.30pm

Afternoon Sunshine Club will not be available on this day.

School reports will be sent home via email next week. We will offer an opportunity before the end of term for parents to discuss with the class teacher if needed. Details will follow in due course.

On **Wednesday 14th July** from 9-10.15am we will hold a Transition session where the children will have time to meet their teacher for next year and work with them. Due to Covid restrictions they will be unable to go and sit in their new classrooms but the teacher will go and meet them in their current room. Staffing details and class allocations will be sent home next week.
