

Spring Grove Primary School

Year One Homework and News

Friday 24th June 2022

Dear Parents and Carers,

Happy Friday everyone and we hope you enjoyed our assembly this morning! The children worked really hard to learn their lines and songs and we are all really proud of them!

On Friday 1st July, Year One will be having our beach day sadly we will not visit a real beach, however the children are invited to come to school wearing their beach clothes, **no swim wear please**. They will need a towel to sit on as we plan to eat our lunch outside and they can bring other beach items but please make sure these are labelled and in a bag. Most of our *beach* activities will take place in the afternoon so we will not have PE- hopefully the day will feel just like a visit to the seaside!

This week, we have been comparing modern seaside holidays to seaside holidays taken in the Victorian era. The children studied an image of a Victorian beach and identified items that they would not see on a beach today, for example: a bathing machine, they even noticed that some items are still used on a beach today, like a bucket and spade. They all found the bathing machines (changing room) and the concept of not being seen in their swimming costumes very odd. The children then selected a Victorian item to write a post card in role as a Victorian child.

In Maths, we have been developing our place value understanding involving numbers less than 100. We have also been counting on and back from a given number. To support your child's learning you can play the game 'my rule'. To play, begin by deciding what your rule could be, for example 'to add one' or 'to take one away'. Then, say a number less than 100. Your child then has to count on or back from that given number applying your rule, for example; adding one each time or taking one away each time.

In class we have also been identifying how many tens and ones are in a given two digit number.

If you have not had the opportunity to explore the free games available on the White Rose 1-minute maths app, please take some time to do. <https://whiterosemaths.com/1-minute-maths>

Also, if you would like to support the school and your child FOSGS would welcome your involvement, further information can be found on our school website.

To remind you on **Tuesday 28th June** we will welcome the mobile farm to Spring Grove and on **Monday 18th July** Year One will take part in a mini-beast workshop. We hope that you and your family have a great weekend, if you have any questions then speak to us at the end of the school day or email:
